### ***Rhonda Allison Skin Care***

Naturally scientific cosmeceuticals which deliver amazing results.

Customized just for you, the *Rhonda Allison* line offers a wide array of spa and corrective facials as well as skin peels. A sampling:

**Fruitzyme Skin Rejuvenator Facial:** Let our three-step “fruitzyme” exfoliators smooth and polish the skin, the first step towards a healthier complexion! Digesting and lifting away dead skin cells, the benefit-giving compounds of cherry and pomegranate nurture skin tissues to build and strengthen. Skin will have a rosy glow, feel alive, fresh, and look younger. ~\$65~

**Soothing Skin Facial:** Smooth and calm your skin with gentle enzymes. Natural healing elements of papaya and aloe vera reduce minor skin irritations resulting in a more radiant, refreshed complexion! ~\$55~

## **Specialized Treatments**

**Ultrasonic Microdermabrasion combined with LED:** Like a fine painting being restored, as the process unfolds, you can see the dull, discolored surface fade away, while the true colors come up clean and new. Ultrasonic microderm is like this-gently revealing fresh skin wonderfully hydrated. Removal of pore-blocking debris, increased blood flow, stimulation of cell renewal and collagen production, all contribute to healthier looking skin with no downtime. Results are immediately visible, and they are cumulative, so a series of treatments yields increasing benefits. ~\$125~

### **Acne Clinic**

Utilizing **Face Reality** acne skin care. Even if antibiotics, retinoids or Accutane™ have failed, amazing results are possible with this program!

**Acne Consultation:** (45 minutes)-Find out what kind of acne you have, your skin type and the current condition it is in. You will learn how treatments work and how to properly use the acne products to insure your success for controlling your acne. ~\$35~

**Acne Treatments:** (50minutes) - All acne treatments are individualized to focus on what your skin needs at the time of your visit. ~\$50~

### **Advanced Laser Treatments**

(Consultation required prior to laser treatment)

**Vascular Laser:** Using the *V-Beam™* Laser for the treatment of facial capillaries, rosacea and facial redness. Works great to “get the red out!”

**Laser Hair Removal:** For all skin types. Utilizing the *GentleMax™* laser for permanent reduction of unwanted, dark hair. Do away with ingrown hair and razor bumps!

**Pigmented Lesion Removal:** Treatment of benign sun/brown spots and tattoos with the *PicoWay™* laser.

~Cost of above treatments depends on the size of the area and condition being treated~
