As your local health care provider, Cooley Dickinson offers you the best health care services close to where you live and work. Thanks to our partnership with Massachusetts General Hospital, you have access to an organization that offers the comfort of personalized care in your community and the connection to the expertise of an academic medical center as esteemed as Mass General. As the role of hospitals and health care systems continue to evolve, Cooley Dickinson will continue to have an important part in helping to improve the overall health of our communities and its residents.
